MEMORY BOX INSTRUCTIONS

This box can fit up to 1600 4" x 6" photographs!*

**Fill the Memory Box - as many photos as you
can fit in our box for \$249.00!**

Price Includes: Scanning of all individual photos that you can fit into the Memory Box and digital files saved to a premium-grade, scratch resistant CD.

INSTRUCTIONS

- * Boxes that do not follow instructions do not qualify for price and will be charged \$0.42 per scan.
- Remove all photos from albums, envelopes, etc.
- Remove all staples, paperclips, sticky notes, etc. from photos
- Group all photos by size, unless you would like them scanned in order for an additional \$100.00.
- All photos should be facing the same direction.
- All photos must be laying horizontally regardless of orientation (vertical or horizontal).
- Fan through all of your photos to confirm that the photos are loosely presented and without impediment, such as glue or sticky materials. This also helps identify if your pictures are dusty and to help remove any materials that might cause an imperfect scan, such as lines and dust on your digital files.
- Place photos into enclosed bags by size. Place bags in the Memory Box.
- Index cards are included in the Memory Box for photos you would like to include in specific Box-ability options. Sort photos into enclosed bags with the index card. Place bags in the Memory Box.
- Drop off your Memory Box at Lakeside Camera Photoworks and review with an associate.

SCAN IN ORDER INSTRUCTIONS

Choose this option if you would like your photos scanned in order. Group your photos into categories the way you want them to be scanned. We recommend that you include index cards with handwritten notes describing the category or year pertaining to the group. Put the number of the group at the top right corner of the index card. This tells us the order in which to scan the groups. The index cards will be scanned along with the pictures and will be the first image in each series of photos. DO NOT use sticky notes or pieces of paper (they will jam our scanner.) While selecting this option does override the need to organize your entire order by size, it does not override taking all of your photos out of envelopes or having the photos in some sort of orderly fashion.

* Total estimated, results vary with packing and size of photos.

RULES

- All photos must fit within the dimensions of the closed Memory Box.
- NO photos in envelopes or albums. Loose, individual photographs ONLY.
- Photos must be between 3 x 3" and 8 x 10".
- Photos must be square or rectangular. NO ovals, odd shapes, or cut out photos.
- NO mounted, glued or stapled photographs.
- NO photos that can not bend.
- NO photos thicker than a standard Polaroid picture. Many older (1960s era) Polaroids were mounted on cardboard which are too thick to be scanned using this service.

NEED TO KNOW

- Curled photos may have a haze or be scanned out of focus due to their inability to lay flat on the scanning glass.
- **We are prohibited from scanning photographs that were taken by a professional photographer or studio without their written consent.** If you would like more information about our copyright policy or assistance in obtaining consent, please call or visit one of our locations.

Indicates a "Gold Item" worth 10% off box price. Up to a maximum of 40% off.

Indicates an item that can be ordered using an index card located in the memory box.
